Mr. Bryant,

I must be honest in stating that before meeting with you, I did not have much faith in dealing with lawyers. Needless to say, when I was charged with a DUI and Speeding 106 mph, my outlook seemed dim on the consequences of my actions.

You truly have a gift in the ability to listen to your clients, understand my concerns, and portray a true sense of honesty. I appreciate the way you conducted this case and helped me manage my feeling helpless. You and your staff stayed in constant contact with me and gave timely and concise answers in simple terms. When it came to my day before the judge, your ability's were unrivaled!

My DUI was reduced to reckless driving and my speeding reduced by half! Needless to say I was blown away and could not have prayed for a better outcome involving the particulars with my case. Not only would I recommend you to anyone, I would not consider using anyone else. You have a lifelong client and a new friend, you are an asset to Georgia and thank you for your service.

Buddy
