Dear Mr. Bryant:

This is to acknowledge receipt of your letter dated February 18, 2015 regarding the services provided to me through your law office during my recent experience with the court system. The professionalism with which you handled my case and the personal attention offered me during and after the proceedings are greatly appreciated. I am pleased to provide the necessary referral to others needing similar services or just as a positive testament for your law practice. Thank you for the support.

Sincerely,
Eduardo Clough
