Russell recently represented me on a traffic ticket I received while visiting the Atlanta area from out of town. Although my case was relatively minor, I was greatly impressed with Russell's responsiveness, attention to detail and professionalism throughout his representation on my behalf. The ultimate disposition of the ticket was handled efficiently and I could not be more pleased with the legal outcome. I am admitted to the state bar in North Carolina and Tennessee and have actively practiced law in the past; Russell is the definition of a good lawyer.
